Morning Dew

Schiller

Walk me out in the mornin' dew my honey
Walk me out in the mornin' dew today
I cant walk you out in the mornin' dew my honey
I cant walk you out in the mornin' dew todayI thought I heard a baby cry this mornin'
I thought I heard a baby cry today
You didnt hear no baby cry this mornin'
You didnt hear no baby cry todayWhere have all the people gone my honey?
Where have all the people gone today?
Well theres no need for you to be worryin' about all those people
You never see those people anywayI thought I heard a young man moan this mornin'
I thought I heard a young man moan today
I thought I heard a young man moan this mornin'
I cant walk you out in the morning dew todayWalk me out in the mornin' dew my honey
Walk me out in the mornin' dew today
Ill walk you out in the mornin' dew my honey
I guess it doesn't matter anyway
Well I guess it doesnt matter anyway, no no
I guess it doesnt matter anyway
Ah, I guess it doesnt matter anyway
