Backstabber

Cheap Sex

i saw you give that look to me
my eyes were blind, my hands we're tied
but now i fucking see
you're talking shit with all your friends
sick of your lies, you i despise
it's gonna fucking end[Chorus:]
you're a backstabber, a backstabber
you're a backsabber
scumbag full of shit and lies
a backstabber, backstabber
it's you that i fucking despisetough guy behind the computer screen
well you are shit, you are nothing, do you know what i mean?
who fucking pays to see you?
no one cares, or gives two shits about what you dospreading gossip bullshit and lies
high school drama in your eyes
tomorrow you won't even be a punk
leather jacket rotting in the trunk.
