A happy girl  
A happy boy  
A happy son  
A happy friendAll living in a happy world  
All living in a lonely worldA happy life  
A happy love  
A happy mind  
A happy soulWe are living in a happy world  
We are living in a lonely worldA happy girl  
A happy boy  
A happy son  
A happy friendAll living in a happy world  
All living in a lonely worldA happy life  
A happy love  
A happy mind  
A happy soulWe are living in a happy world  
We are living in a lonely world
