

The Game Of Love

[Helena Papparizou](#)

Swim the sevens seas
I would climb the Himalayas
Singing Japanese I would dress up as your geisha
Capture all the stars
Paint your portrait on the great Sphinx
Walk to Africa,
If I knew you'd be there waiting Nani nani hey nani
Don't run away honey
Ne nani hey nani
Make no mistake cause There's no shame shame shame
In the game of love
I'm gonna get you good
Gonna knock on wood
Cause I'll fight for you
In the name of love
That's the game of love Sing yeah Dive among the sharks I would wrestle alligators
Learn some marcial arts if you needed me to save ya
Dance on broken glass turn the riers into fire
Anything you ask cause your wish is my desire Nani nani hey nani
It's hit and miss honey
Ne nani hey nani There's no shame shame shame
In the game of love
I'm gonna get you good
Gonna knock on wood
Cause I'll fight for you
In the name of love
That's the game of love Sing yeah Like a hawk in the sky, I'll be watching you tight
I'll be watching you close, never out of my sight
Like a thief in the dark, sneaking into your heart
I can take it away, make you beg me to stay There's no shame shame shame
In the game of love
I'm gonna get you good
Gonna knock on wood
Cause I'll fight for you
In the name of love
That's the game of love Sing yeah There's no shame shame shame
In the game of love
I'm gonna get you good
Gonna knock on wood

Cause I'll fight for you
In the name of love
That's the game of loveAh ah ah
