Cigarette

EFYA

Boy , why you gotta act
like you donâ€™t know that
youâ€™re my ultimate high.
Every time I see you
Every time I feel you
Cause you make me fly
So high , sooo high
Yeeahhhh eeheeh

Burning me in my chest like a cancer
But I want you more, no questions
No answers.
Bada bududbdadubdadey budubdadey budubdadey
ooo yeah

The way you work that ?, hold that ? , blow that ? well,
You donâ€™t hesitate to roll again, to blow again.
What the hell?
Because you make me feel good, you so damn good
One way to inhale , exhale.

Youâ€™re my high 3x
And I canâ€™t help it.

Youâ€™re my high 3x
And I canâ€™t help it.

Breathe in, hold it.
I donâ€™t want to let it go

Breathe in, hold it.
I donâ€™t want to let it go

Breathe in, hold it.
I donâ€™t want to let it go

And I canâ€™t help it.

Now I gotta go
Back to the road

Gotta let them know
Cause you are the one who took me
Too the snow
All along
It was you , you, you , you

Baby , how could we ? Substitute
To that thing that you love to do
And even when I get the feeling
I know , I know , I know that you are there

Youâ€™re my high 3x
And I canâ€™t help it.

Youâ€™re my high 3x
And I canâ€™t help it.

Breathe in, hold it.
I donâ€™t want to let it go

Breathe in, hold it.
I donâ€™t want to let it go

Breathe in, hold it.
I donâ€™t want to let it go

And I canâ€™t help it
