Something for Kate

some things will stay the same
the shape of a power point won't change
and i won't back away and run
if you make me feel strange
she's the hand at the end of the arm
and she's got a lot to say
she thinks the world is falling apart
but that's okay
she just wants to be happy
a place for everything
and everything in its place
i get better, wait and see
she amazes me
it's kinda hard to see in here
but there's nothing to see
so who cares?
drank coffee all night and now i can't sleep
i think i opened a secret file
i let her look for a little while
and now i'm waiting for the ambulance to arrive
she just wants to be happy
a place for everything
and everything in its place
i had better wait and see
she amazes me
i couldn't understand the instructions
and the clock sounds like it's ticking slow
and this book is in another language
a language i don't know
i used to tie double knots
but now i couldn't be fucked
things are getting stupider all the time
she just wants to be happy
a place for everything
and everything in its place
i had better wait and see
she amazes me, you're confusing me
you're confusing me
