## Something for Kate

some things will stay the same  
the shape of a power point won't change  
and i won't back away and run  
if you make me feel strange  
she's the hand at the end of the arm  
and she's got a lot to say  
she thinks the world is falling apart  
but that's okay  
she just wants to be happy  
a place for everything  
and everything in its place  
i get better, wait and see  
she amazes me  
it's kinda hard to see in here  
but there's nothing to see  
so who cares?  
drank coffee all night and now i can't sleep  
i think i opened a secret file  
i let her look for a little while  
and now i'm waiting for the ambulance to arrive  
she just wants to be happy  
a place for everything  
and everything in its place  
i had better wait and see  
she amazes me  
i couldn't understand the instructions  
and the clock sounds like it's ticking slow  
and this book is in another language  
a language i don't know  
i used to tie double knots  
but now i couldn't be fucked  
things are getting stupider all the time  
she just wants to be happy  
a place for everything  
and everything in its place  
i had better wait and see  
she amazes me, you're confusing me  
you're confusing me
