

My Miracle

Tyler King

No this isn't my first rodeo
But no one's thrown me like she's thrown me, woah
How I got to here man I don't know
Yeah it's a mystery how she does what she do to me

I'm thinkin' maybe, she might be my miracle
I'm sure of one thing, she rocks my world
I'm thinkin' maybe, she might be, she might be
She might be my miracle

She sets a fire when she takes my hand
Feels like I'm flyin' watch out superman
And if I fall she's where I wanna land
The future's bright for me cause she's as far as I can see

I'm thinkin' maybe, she might be my miracle
I'm sure of one thing, she rocks my world
I'm thinkin' maybe, she might be, she might be
She might be my miracle

Na-na-na-na-nahh
Na-na-na-na-nahh
Na-na-na-na-na-nahhh

I'm thinkin' maybe, she might be my miracle
I'm sure of one thing, she rocks my world
I'm thinkin' maybe, she might be, she might be
She might be my miracle

She's my miracle
My miracle
