

You're Gone

[Katelyn Tarver](#)

I don't know why i said i don't care
i don't know why i played those games with you
i fooled my self when i said i don't love you anymore
oh coz my heart is aching knowing your not there.oh, and i try to live my life but now im done without you baby
its crazy how much i need you now
don't know why i said goodbye
im so lost without you lately
im strong now you're gone
you're goneim there in this loneliness on my sleeve
will you ever come back to me
im missing you so bad
and its killing me
coz i know how happy that you've made meoh, and i try to live my life but now im done without you baby
its crazy how much i need you now
don't know why i said goodbye
im so lost without you lately
im strong now you're gone
you're goneoh, and i try to live my life but now im done without you baby
its crazy i really need you now
don't know why i said goodbye
im so lost without you lately
im strong now you're gone
you're gone
