

# Ladies Of Cambridge

## Vampire Weekend

Chestnut park on a Saturday night  
Mystical boys feelin alright  
Raggedy wisdom falls from my hand  
As the ladies of Cambridge know who I am  
I've had dreams of Boston all of my life  
Chinatown between the sound of the night  
But if you leave I just don't think I could take it

Take it

Take it

Take it

Graveyard freaks we're fallin' in style  
Lady's the pharaoh, Charles is the Nile  
That's a museum, that's a cool place  
Stones of your fathers standin' today  
I've had dreams of Boston all of my life  
Chinatown between the sound of the night

But if you leave I just don't think I could take it

Take it

Take it

Take it

I've had dreams of Boston all of my life  
Chinatown between the sound of the night

Cos when you left my room

To go to the kitchen

I imagined that you were dead

A morbid steak runs through

The whole of my family

But for you I could put it to rest

But if you leave I just don't think I could take it

Take it

Take it

Take it
