

Tiger in a Box

We Are Monroe

Verse:

I had my doubts from the start when I tried to help you but
you turned me away

I had the words, had the mind, had the heart to tell you that
I couldn't stay when it's just all about you

Chorus:
and all the things you do,
to get me in the mood, and
lie the way you choose to
so why you hating on me?

Verse:
no, you can't stand
the way you've played your hand
the way you've spent your time
waiting on plans you've planed
the way you

turned from the start when I tried to help you and
you turned me away

I had the words, had the mind, had the nerve to tell you that
I wouldn't stay when it's just all about you

Chorus:
and all the things you do, to get me in the mood,
and lie the way you do, well
That's why I'm hating on you!
