

Silent Running

Orchestral Manoeuvres In the Dark

God only knows
This isnt Heaven
The promises made
He never keeps them
Were walking on air
Were taking our time
But God only knows
This isnt reason or rhyme
Ive had this feeling
I dont believe in
Its happened before
I just reject it
Were walking on air
Were taking our time
But God only knows
This isnt reason or rhyme
These are the feelings
I know their outcome
Its useless pretending
Id like to beat them
Were walking on air
Were taking our time
But God only knows
This isnt reason or rhyme
Were walking on air
Were taking our time, this time
But God only knows
This isnt reason or rhyme
Were walking on air
