

Alien Love

Zombie Oil

[intro]

She visits me through a window late at night
Her ship is hidden, in a corn field; out of sight.

[verse]

She's on vacation, from her day job in the stars
Her suction fingers, never seem to leave a scar.

[chorus]

It's alien love,
I'm in love, with a girl from outer space
It's alien love
I'm in love, with a grey almond face
It's alien love

[verse]

She has a fetish, for the feel of human skin
And on her planet, this is quite the deadly sin
She has a father, with a fazer, set to kill

[pre chorus]

I keep her secret, and I hope she's on the pill

[chorus]

It's alien love
I'm in love with a girl, from outer space
It's alien love
I'm in love with a grey almond face
It's alien love

[bridge]

uh-uh- ov
It's alien love
Uh-uh- ov
It's alien love
Uh-uh- ov

Her ship is hidden, in a corn field, out of sight
