

You Made the Difference

John Redmon

(Chorus)

You made the difference in my life. You made the difference.

(Repeat)

(I)

I could have been another cornerboy without hope and little joy...but

(Repeat Chorus).

(II)

I could have been without a house or home, without peace and no hope...but

(Repeat Chorus)

(III)

I could have been living on the streets, without shelter or food to eat...but

(Repeat Chorus)

(IV)

I could have been ignorant of You and found noone that I could talk to...but

(Repeat Chorus)

(V)

There'd be no point to bow in adoration, nor lift my hands in celebration...but

(Repeat Chorus) (I'm on your praising committee!)

(VI)

I would not have Your battle to fight, to fight with all my might...but

(Repeat Chorus)

(VII)

I could have been another lost soul with destruction as my goal...but

(Repeat Chorus)

(VIII)

I might not of had any hope to trace, but I have a hope and that's to see You face to face because...

(Repeat Chorus)

(Vamp and Rounds)

You made the difference. You made the difference.

You made the difference. You made the difference.

We looked at our hands and they looked new.

We looked at our feet and they did too.

We've searched in our hearts For a new heart means we've got a brand new start!

Lord, You made the difference. You. You made the difference. You. You made the difference.
