Without MSG I Am Nothing

Mclusky

Get carter to the phone, don't teach him how to cook
That'd kill him
Without it she is great, a little underweight
But still appealingEverywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness, darknessI get my MSG from digital TV
Good consumer
You aren't the only one who has no trousers on
Good auditionEverywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness, darknessMy my my my my my
My my my my my my
My my my my my myGet carter to the phone, don't teach him how to cook
That'd kill him
Without it she is great, a little underweight
But still appealingEverywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness, darknessEverywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness, darkness
