

# body bags

## sÅ•zu project

Look into the eyes of the government liars  
Listen to the sound of the guilty choir  
Blood stains on the sacred pyre  
Under the book the breathing fireSocial nags, body bags  
    Make you gag  
    What a drag, drag, drag  
    Cyanide and suicide  
    Don't you try  
You're gonna bleed some moreCome and let me tell you about social giants  
    Heard about the news but no one buys it  
    Killing is no secret science  
Politics are fixing all defianceMarilyn was the finest sleeper  
    J.F.K was the youngest bleeder  
    Luther died the bravest dreamer  
    So kill me know 'cause I'm a believer
