

Nothing Makes Sense

Jill and Kate

I cut my hair and I changed my number
I moved away from the place you know
I found a different coffee shop
So you wouldn't see me there alone
I walk around in my sunglasses
Wake up early and avoid the night
Trying to forget all your secrets

Wonder if you've forgotten mineAnd you're not there when I wake up, wake up
Guess that's what happens when you break up, break up
You must have loved me cause you set me free
That saying never made sense to meI've had a little bit of space now
I keep on trying but I don't know how
To get you outta my head outta my headNothing makes sense
Nothing makes sense
Nothing makes sense

Nothing makes sense to meI hear your favorite song on the radio
Kills me to hear it all the time
I hear our friends say you've got someone new
Kills me to hear that you're doing fineWe had it all right in the palm of our hands
We had it all we had time we had plans
We had a future called you and me

Now it's all just a memoryAnd you're not there when I wake up, wake up
Guess that's what happens when you break up, break up
You must have loved me cause you set me free
That saying never made sense to meI've had a little bit of space now
I keep on trying but I don't know how
To get you outta my head outta my headNothing makes sense
Nothing makes sense
Nothing makes sense

Nothing makes sense to meAnd I, I keep on trying
To find
You nowCause you're not there when I wake up
Guess that's what happens when you break up

You must have loved me cause you set me freeBe without you be without you
How am I supposed to
Breathe without you breathe without
When I can barely
Sleep without you sleep without you
How am I supposed to

Be without you be without you
