

We Burn

Sabaton

I've had a vision its clear to me now
I know what has to be done
Different religions cannot share a land
A plague and I have the cure Chase them down, let them suffer in pain
Dig them down, they'll be gone for a while
Evidence lost We burn
Plunder and rape
Show them no mercy, just burn
Flesh turn to ash Inspired by deeds that were done long ago
I know what has to be done
Filth of my land must be washed clean and pure
Now let the cleansing begin Genocide?
Who will drag me to court?
There's no crime if you do not get caught
I am the law. We burn Privates, sergeants and generals hear
It's our chance we've been waiting too long
Your orders are: to start to burn
