Where You At

Joe

Where you at? Where you at? Where you at?
Baby, where you at? Baby, where you at?
Baby, where you at? Baby, where you at?
Every word I cut you down with is playin' in my head
Like a Scarface, crime scene, ain't no bringin' it back
Those tears, didn't mean much then but now I know
That you said you don't feel it till the wind starts to get cold
(Only)
She's the woman like a car I replace it
(Mostly)
I wonder if she saw this bullet comin' like this
(Only)
Words that I can hear in my ear
It's the gesture you gon see this seeds you planted in the field
(Baby, where you at?)
Ain't no sittin' on my pillow case no more
(Baby, where you at?)
I just recognize I'm livin' life alone
(Baby, where you at?)
I just, I just wish you call me, damn this phone
(Baby, where you at?)
Doc said I only have four weeks
My whole life just flashed before me
Oh, oh, ooh ooh ooh, how foolish could I be?
Wild as can be, never fear bein' humble
(Never, humble)
Got me out to face my fear, may never have a choice again
To be honest with that one that was loyal to me
God really has his ways of taking you off that stage
(Only)
She's the woman like a car I replace it
(Mostly)
I wonder if she saw this bullet comin' like this
(Only)
Words that I can hear in my ear
It's the gesture you gon see this seeds you planted in the field
(Baby, where you at?)
Ain't no sittin' on my pillow case no more
(Baby, where you at?)

I just recognize I'm livin' life alone
(Baby, where you at?)
I just I just wish you call me, damn this phone
(Baby, where you at?)
Doc said I only have four weeks
(Yeah, Papoose, Papoose)
My whole life just flashed before me
They say you never know what you have until you lose it
You promise your girl somethin' you better do it
You can't tell a women you love her, are you stupid?
Words don't express your love you gotta prove it
Back then our relationship was the truest
Romance, slow dance to Joe music
As the time went on, I became foolish
Now your gone everything ruined
But girl, this is Papoose, I'm on your favorite track
I know your friends in your ear, but baby, come back
And I never let you down, so later for that
I told you I was gon make it I'm the savior of rap
And I work hard you don't gotta cater to pap
I tie my own durag, lay back and relax
You don't even gotta accept my apology
But I'm man enough to admit it acknowledge me
Oh, oh, baby, if anyone out there wasn't just like me
Ooh, ooh, babe, treat her like this was your last week
Won't you call, babe? You know the song, babe
(Won't you call)
Girl, you know the song, are you hearing me?
Damn I regret wanting all much but see
(Baby, where you at?)
Ain't no sittin' on my pillow case no more
(Baby, where you at?)
I just recognize I'm livin' life alone
(Baby, where you at?)
I just I just wish you call me, damn this phone
(Baby, where you at?)
Doc said I only have four weeks
