

Wake up, Don't Lose It (Don't Let It Go)

One Missed May

Every new day
Gives us thousands of chances
But we lose them, ain't we?
They're slipping through us, away.
This is life, it's not a game
Days will never be the same
Try to see the world with wide open eyes for a while
Chorus:
Wake up, don't lose it
Don't let it go
Do not refuse it
I'm so unsure
Wake up, don't lose it
Don't let it go
Do not refuse it
Out of control
Look at these successful guys around you
You can be like them
Don't lose your chance, don't lose it this way
This is life, it's not a game
And you must achieve your aim
Try to see the world with wide open eyes for a while
Chorus:
Wake up, don't lose it
Don't let it go
Do not refuse it
I'm so unsure
Wake up, don't lose it
Don't let it go
Do not refuse it
Out of control
