

# Rio (ft. Digital Farm Animals)

[Netsky](#)

Wherever she goes, I go, we roll, we go  
Flying over cities down to Rio, it's real  
Love that I feel, well nothing lasts forever  
But I'm down for the minute so just chill  
Wherever she goes, I go, we roll, we go  
Flying over cities down to Rio, it's real  
Love that I feel, well nothing lasts forever  
But I'm down for the minute so just chill  
Wherever she goes, I go, we roll, we go  
Flying over cities down to Rio, it's real  
Love that I feel, well nothing lasts forever  
But I'm down for the minute so just chill  
Wherever she goes, I go, we roll, we go  
Flying over cities down to Rio, it's real  
Love that I feel, well nothing lasts forever  
But I'm down for the minute so just chill  
Wherever she goes, I go, we roll, we go  
Flying over cities down to Rio, it's real  
Love that I feel, well nothing lasts forever  
But I'm down for the minute so just chill  
Wherever she goes, I go, we roll, we go  
Flying over cities down to Rio, it's real  
Love that I feel, well nothing lasts forever  
But I'm down for the minute so just chill
