The Only Problem With Wishful Thinking

Belvedere

I Wonder Now How It Would Feel To Fall In Too Deep
Never Even Questioning What's Real
Put Aside Our Fragile Lives
No Questioning Of Our Rights
Why Can't We Embrace This World This WayAlways On Time, Always Accept My Stories
But Never Face The Wall When I Need You
Commit No Crime, Commit No Self-Destruction
And Stand In Front Of You And Take Your Hate AwayWonder How My Self-Esteem Would Handle This Blow
Motionless My Hands Fall At My Side
No One Challenging Your Views
No Pressure To Make An Excuse
Why Can't We Embrace This World This WayAlways On Time, Always Accept My Stories
But Never Face The Wall When I Need You
Commit No Crime, Commit No Self-Destruction
And Stand In Front Of You And Take Your Hate Away
