Good Day

Paul Westerberg

Good day, doesn't have to be a Friday
Doesn't need to be your birthday
The next one then you won't survive
Sing along, hold my lifeA good day is any day that you're alive
Yes a good day is any day that you're aliveAsked me mmm, you had to ask me
In the dreams you tell me
Tell them only you were tired, [Incomprehensible]
Sing along hold my lifeA good day is any day that you're alive
Yeah, a good day is any day that you're aliveA bad day comes every once in a while, your body says
Fourteen hundred shooting stars and every time?
A bad day comes every once in your body life
Goodbye, hold my life one last timeA good day is any day that you're alive
Yes a good day is any day that you're alive
Yes a good day is any day that you're alive
(These are the days)
Yes a good day is any day that you're alive
