

Another Black Day

Another Black Day

Here I am alone broken by my ghosts
will they always haunt me when I'm drowning
shattered by my pride
married to my guilt
and the road I walk is paved with sorrow
I lost again dark days arise

noo will i find the light
yeaaaaaaa will ya save my wicked soul
if I swear that I'll change my ways
yaaaaaaa will ya save my wicked soul
if I swear that I'll change my ways

staring at my wounds that I once had closed
will they always burn me when I'm drowning
fighting for my pride and try to shed myyyy guilt I've become an asshole for your torment
I lost again dark days arise

nooo will I find the light
yeaaaa will ya save my wicked soul
if I swear that I'll change my ways
yeaaaaaaa will ya save my wicked soul
if I swear that I'll change my ways oohhh

yeaaaaa will ya save my wicked soul if I swear that I'll change
yeaaaaa will ya save my wicked soul if I swear that I'll change my ways
save me save me yeaaaaaaa no don't ya save my soul woh oh woh yea yea
