

I Prefer

Ministry

Have you run into the human race?
Have you run into the world?
Have you run into the system? And I raise the white flag
And I raise the white flag
And that's the way
I prefer flagellation Have you run into your head?
Have you run into your balls?
Have you run into the human condition? And I raise the white flag
And I raise the white flag
And that's the way
I prefer flagellation I prefer, I prefer, I prefer flagellation
