

# Cliche Love Song (Radio Edit)

Basim

Scubbudubudabdabdididahh  
Scubbudubudabdabdidiahh  
I love you  
I met this baby (baby)  
She was looking so damn fine,  
but she was crazy (crazy)  
was all about party time  
and lately (lately)  
I feel like somethings wrong  
So flake it and shake it  
When the sun went down  
Yeah Bububuyeahbububu  
And my girls the whistle (whistlesound)  
I know its hard to get it  
Shes a special giiiiirl  
It feel's like Scubbudubudabdabdididahh  
Scubbudubudabdabdidiahh  
I Love You  
Its like cliche baby  
Scubbudubudabdabdididahh  
Baby a will do whatever you like  
I love You  
Its like cliche baby  
Ohhhhhhh  
Yeah  
Ohhhhhhh  
I'm fucking cliche  
Like Katy Perry (so sexy)  
She could kiss a lucky girl  
Taste like jerry  
Yeah she could rock the world  
But seven (seven)  
I've never feel like this before  
She took me closer to heaven  
OMG let's go  
Yeah Bububuyeahbububu  
And my girls the whistle (whistlesound)  
I know its hard to get it  
Shes a special giiirl
