Lily Bolane

Inkubus Sukkubus

Lily Bolane, Lily Bolane.
Lily Bolane, Lily Bolane,
Lily Bolane is a witch with no shame
A figure of hate,a figure of fear
She'll catch you and curse you and craze you with pain
You cross yourself, pray and hope Mary can hearLily Bolane, Lily Bolane
She's wretched and twisted and ugly and lame
You laugh when she's gone, you shake when she's near
Despise and torment her again and again
Spit in her path, laugh at her nameLily Bolane (x4)
You're brave with your friends though you're spinelss with fear
Call her a witch, call her a freak
Knock on her door when the hag is asleepHate with a passion, dread but deny
