Lullaby

JJ Grey & Mofro

Let me rock you to sleep, pretty baby
Let me rock you to sleep, pretty girl
When I look down at you
I see all I need to see, to be a man
I feel all I need to feel, I understandSo let me rock you to sleep
Let me rock you to sleep, Pretty baby
Let me rock you, let me rock you
Let rock you to sleepAnd I feel deep inside, all I got to do
To protect you from the night
And every evil they doSo let me rock you to sleep, pretty baby
Let me rock you t sleep, pretty girl
Let me rock you to sleep
Let me rock you to sleep
Let me rock you, rock you
My baby, my baby
