Never, Never, Never

Shirley Bassey

I'd like to run away from you
If I were to leave you I would die
I'd like to break the chains you put around me
And yet I'll never tryNo matter what you do you drive me crazy
I'd rather be alone
But then I know my life would be so empty
As soon as you were goneImpossible to live with you
But I could never live without you
For whatever you do, I never, never, never
Want to be in love with anyone but youYou make me sad, you make me strong
You make me mad, you make me long for you
You make me live, you make me die
You make me laugh, you make me cry for youI hate you, then I love you, then I hate you
Then I love you more
For whatever you do, I never, never, never
Want to be in love with anyone but youAh, you treat me wrong, you treat me right
You let me be, you make me fight with you
You make me high, you bring me down
You set me free, you hold me bound to youI hate you, then I love you, then I hate you
I love you till the world stops turning
For whatever you do, I never, never, never
Want to be in love with anyone but youI hate you, then I love you, then I hate you
I love you till the world stops turning
For whatever you do, I never, never, never
Want to be in love with anyone but you, you
