

We Can Fly Away

Human Nature

When you're cold, when you're down and lonely,
Deep in need of a helping hand
Come to me, let me take your hand in mine
We can fly away
In your heart, know that I'll always hold you
I'll show you love, love like you've never known
You will see there'll be no need for you to cry,
If you only believe
Then we can fly
Then we can fly away
Then we can fly
I will stand by your side forever

Understand what you mean to me
You should know you are my one true angel
Now, we can fly away
(oh, oh, oh)
We can fly away
Come to me, let me take your hand (oh, oh)
Come to me when you're cold and lonely
Deep in need of a helping hand
Come to me, let me take your hand in mine
We can fly away...
