Violet Roses

F.L.O.V.E.R.

I never seen you cry.
I never seen your broken.
With violet roses in your hands.

Everytime I close my eyes.
I seen you cry, I seen your heart like frozen.
With violet roses.

I cross the ocean for you baby.
And all my love will bring to you.
You stay with me tonight my baby.
And we will try to love again.

I never seen you die.
I never hear your silence.
And violet roses in your hands

I cross the ocean for you baby.
And all my love will bring to you.
You stay with me tonight my baby.
And we will try to love again.

Love again, try to love again.
With violet roses in your hands.

Violet roses for are you.
With violet roses in your hands
