

Doin dirt

Darin

Never thought a word could break a man
But if your answer's yes I'm crumblin'
'Cause on the street your name been goin' 'round
Hope you ain't tryin' to play a brotha out Now the question is girl, have you done it?
Only you know the truth and I want it
Innocent or guilty? Tell me what it's gonna be I heard you doin dirt
Diggin' someone else
Makin' such a mess
You're burying yourself I heard you doin dirt
Why don't you come clean?
Oh girl, it's gonna hurt
When I wash my hands off you, baby I remember you we're smilin' hard
The day you got the keys to the house, the whip, my heart
I gave you everything a playa had
Please don't make me have to go and take it all back Now the question is girl, have you done it?
Only you know the truth and I want it
Innocent or guilty? Tell me what it's gonna be? I heard you doin dirt
Diggin' someone else
Makin' such a mess
You're burying yourself I heard you doin dirt
Why don't you come clean?
Oh girl, it's gonna hurt
When I wash my hands off you, baby I ain't tryin' to be all thug but girl, you needs to know
If you done slipped up then you done gotta go
But I want you to stay, so better speak up now
And girl, with just one word, are you in or out? Tell me what you're doin now
'Cause I keep on hearin' 'bout you doin dirt
Baby, are you doin dirt?
