Alibis (feat. Joe Pizullo)

Sergio Mendes

It's nothin' I can put my finger on
But it's there, I swear
It's not somethin' I'm imaginin'Each time you call
I know I'll get your 'working late' routine again
Is there someone I should know about?
Tell me, why do I have this doubt?I'm sure your alibis are watertight
And you're where you have to be tonight
Whoa, oh, but I know you're slippin' away from meI'm know your alibis are watertight
And you're where you say you are tonight
But honey, I can tell, I know the pattern much too well
I don't fool so easily, slippin' away from meYour telephone service says you're out again
Somewhere out there, you've got another rendezvous
I know the way you workYou'll be someplace where no one can check up on you
You think you're in the clear but don't forget
That's exactly the way we metI'm sure your alibis are watertight
And you're where you have to be tonight
Whoa, oh, but I know you're slippin' away from meI know your alibis are watertight
And you're where you say you are tonight
But honey, I can tell. I know the pattern much too well
I don't fool so easily, slippin' away from meIs there someone I should know about?
Tell me why do I have this doubtI'm sure your alibis are watertight
And you're where you have to be tonight
Whoa, oh, but I know you're slippin' away from meI know your alibis are watertight
And you're where you say you are tonight
But honey, I can tell. I know the pattern much too well
I don't fool so easily, slippin' away from meI'm sure your alibis are watertight
And you're where you have to be tonight
Whoa, oh, but I know you're slippin' away from me
