

# Alibis (feat. Joe Pizullo)

Sergio Mendes

It's nothin' I can put my finger on  
But it's there, I swear  
It's not somethin' I'm imaginin' Each time you call  
I know I'll get your 'working late' routine again  
Is there someone I should know about?  
Tell me, why do I have this doubt? I'm sure your alibis are watertight  
And you're where you have to be tonight  
Whoa, oh, but I know you're slippin' away from me I know your alibis are watertight  
And you're where you say you are tonight  
But honey, I can tell, I know the pattern much too well  
I don't fool so easily, slippin' away from me Your telephone service says you're out again  
Somewhere out there, you've got another rendezvous  
I know the way you work You'll be someplace where no one can check up on you  
You think you're in the clear but don't forget  
That's exactly the way we met I'm sure your alibis are watertight  
And you're where you have to be tonight  
Whoa, oh, but I know you're slippin' away from me I know your alibis are watertight  
And you're where you say you are tonight  
But honey, I can tell. I know the pattern much too well  
I don't fool so easily, slippin' away from me Is there someone I should know about?  
Tell me why do I have this doubt? I'm sure your alibis are watertight  
And you're where you have to be tonight  
Whoa, oh, but I know you're slippin' away from me I know your alibis are watertight  
And you're where you say you are tonight  
But honey, I can tell. I know the pattern much too well  
I don't fool so easily, slippin' away from me I'm sure your alibis are watertight  
And you're where you have to be tonight  
Whoa, oh, but I know you're slippin' away from me
