

Boat of Car (feat. The Other Thing Brass Band)

They Might Be Giants

Advisory - the following lyrics contain explicit language:

Daddy'll sing bass, daddy'll sing bass

Daddy'll sing bass, daddy'll sing bass

I took my boat for a car, I took that car for a ride I was tryin' to get somewhere

But now I'm followin' the traces of your fingernails

That run along the windshield on the boat of car Daddy'll sing bass, traces of your fingernails

That run along the windshield on the boat of car On the boat of car, on the boat of car, on the boat of car
