Castle

Whitney Woerz

Sick of all these people talken
Sick of all this noise
Tired of all these cameras flashen
Sick of being voiced
And now my neck is open wide
Aching for a fist around it
Already choken on my pride
So there's no use crying about it

I'm headed strait for the castle
The wanna make me their queen
And there's an old man
Sitting on a throne that's saying
That I probably shouldn't be so mean

I'm headed strait for the castle
They got the kingdom locked up
And there's an old man
sitting on a throne that's
saying I should probably keep my
pretty mouth shut

Strait for the castle

Oh all of these minutes passing
Sick of feeling used
If you wanna break these walls down
Your gonna get bruised

Now my neck is open wide
Aching for a fist around it
Already choken on my pride
So there's no use crying about it

Crying about it

Crying about it

I'm headed strait for the castle
They wanna make me their queen

And there's an old man
Sitting on a throne that's
saying I probably shouldn't be so mean

I'm headed strait for the castle
They got the kingdom locked up
And there's an old man
sitting on a throne that's
saying I should
probably keep my pretty mouth shut

Strait for the castle
There's no use crying about it
There's no use crying about it
There's no use crying about it

I'm headed straight for the castle
They wanna make me their queen
And there's an old man
Sitting on a throne that's
Saying that I probably shouldn't be so mean

I'm Headed straight for the castle
They got the kingdom locked up
And there's an old man
Sitting on a throne that's
Saying that I should
probably keep my pretty mouth shut

Straight for the castle
Straight for the castle
Straight for the castle
Straight for the castle
Straight for the castle
