

# No Time Left

## Slapshot

Time I hear the tick of the clock, tick tock  
You watch the hours go by  
No way it's that time already  
Too late - see how time fliesTime I hear the tick of the clock, tick tock  
You watch the hours go by  
No way it's that time already  
Too late - see how time fliesNo time left  
No time left  
No time left  
There's no time  
Left for you  
Left for me  
There's no time left  
There's no time leftHow did things get by me  
Now I'm to old to start  
But what can I do about it  
When can I play a partNo time left  
No time left  
No time left  
There's no time  
Left for you  
Left for me  
There's no time left  
There's no time leftNo time left  
No time left  
No time left  
There's no time  
Left for you  
Left for me  
There's no time left  
There's no time leftLeft for you  
Left for me  
There's no time left  
None at all
