Hurricanes And Suns

Tokio Hotel

Love is a game for everyone
But this is you and me
We had a thousand life's in one
We had hurricanes and suns
Hey, don't you know we just begun
Come pain, come hurt
See the halo, ha-ha-halo
Hey, hey, hey, hey, hey, hey
The first in your world that understand
Are the last that feel relieved
It's a matter in coming time
But together we'll be fine
Hey, let's go with a smile
Into the, into the end
Come pain, come heart
See the halo, ha-ha-halo
Hey, hey, hey, hey, hey, hey
See the halo, ha-ha-halo
To tell us with to the end of time
We movin' now in the halo, halo
Live and death, live and death
Live and death
See the halo, see the halo
Halo, halo
Come pain, come hurt
See the halo, halo
Hey, follow the halo
Hey, hey, follow the halo
Hey
Till the sun won't shine
Till the end of time
See the halo, halo, halo
See the halo, halo, halo
Come
(Pain, come hurt)
See the halo, ha-ha-halo
Hey, hey, hey
