

Something (feat. Nas)

Nelly Furtado

Nelly Furtado Ft. Nas - Something

Can't start a fire without a flame

Can't play the part without a game

Can't feel the love without the pain

Can't talk to me if you talk the same

When you're burned out baby you gotta come down

Thought you had it figured it out

Baby I could give you something

Baby I could give you something

Baby I could give you something

I know how to make something out of nothing

(repeat once)

Can't have a drink without a well

Can't fall asleep without a spell

Can't feel the wind without a kite

Can't pack your bags without a knife

When you're burned out baby you gotta come down

Thought you had it figured it out

Baby I could give you something

Baby I could give you something

Baby I could give you something

I know how to make something out of nothing

(repeat once)

Nas' Verse:

Ayo tom ford shades on cuervo and a shot glass Fly
eyes pretty smile plus she got class Ima show you a lil
something But here's the preview When I speak sparks fly
like grinding metal I'm lethal She hot like liquid metal in
T2 Whether flats or stilettos red carpet or ghetto Baby I'm
nasty nas I just had to meet you Let's wash that back with
a glass of screaming eagle Painting pictures writing my illest
rhymes on a Easel Ladies on checking asking when ima
see you Miami penthouse suite crazy with the sea view Still
keep it hood like the streets I used to creep threw QB

Baby I could give you something

Baby I could give you something

Baby I could give you something

I know how to make something out of nothing

(repeat x4)

Something, something, something out of nothing
