Way Out Love

The Isley Brothers

Do it all day, do it right
Keep me up all through the night
Come and take me for a ride
Getting off, we're flying highYou've got a way out love
You've got a way out loveTouch me baby, feel me right
Come with me to paradise
Got me going out my mind
You've got a way out love
You've got a way out loveWay out, way out
Way out love
Way out, way out
Way out loveWay out, way out
Way out love
Way out, way outGive me all your sweet honey
I've got plenty energy
You've got a way out love
You've got a way out loveGirl, you're way out
Way out, way out
There's no doubt about it
Way out loveGirl, you're way out
Way out, way out
Oh, I can't live without it
Way out loveGirl, you're way out
Way out, way out
Oh, turn your [Incomprehensible]
Way out loveGirl, you're way out
Way out, way out
Oh, baby
Way out loveWay out, way out
Girl, you're way out yeah
