

# Halfway Gone

## Lifehouse

Halfway gone, halfway gone You were always hard to hold  
So letting go ain't easy  
I'm hanging on but growing cold  
While my mind is leaving Talk, talk is cheap  
Give me a word you can keep  
'Cause I'm halfway gone and I'm on my way  
And I'm feeling, feelin' feelin' this way  
'Cause I'm halfway in but don't take too long  
'Cause I'm halfway gone, I'm halfway gone  
You got one foot out the door  
And choking on the other  
Always think there's something more  
It's just around the corner Talk, talk is cheap  
Give me a word you can keep  
'Cause I'm halfway gone and I'm on my way  
And I'm feeling, feelin' feelin' this way  
'Cause you're halfway in but don't take too long  
'Cause I'm halfway gone, I'm halfway gone If you want me out, then I'm on my way  
And I'm feelin', feelin' feelin' this way  
'Cause you're halfway in, but don't take too long  
'Cause I'm halfway gone, I'm halfway gone (oh oh)  
I'm halfway gone, I'm halfway gone (oh oh)  
Now I'm halfway gone, I'm halfway gone  
Don't take too long, don't take too long  
'Cause I'm on my way  
If you take too long  
'Cause I'm halfway gone and I'm on my way  
And I'm feeling, feelin' I'm feelin' this way  
'Cause you're halfway in but don't take too long  
'Cause I'm halfway gone, I'm halfway gone If you want me out, then I'm on my way  
And I'm feelin', feelin' feelin' this way  
'Cause you're halfway in, but don't take too long  
'Cause I'm halfway gone, I'm halfway gone (oh oh)  
'Cause I'm halfway gone, and I'm halfway gone (oh oh)  
'Cause I'm halfway gone, yeah I'm halfway gone
