

I Can't Stop Loving You

Frank Sinatra, Count Basie And His Orchestra

I think about the day I met the perfect stranger
I think about us
And I think about the day I got wrapped around your finger
I think about us
The sun was shining on you
The Lord was smiling on me
And love was calling us
I had my mind made up
I can't stop loving you
I can't help myself
And I can't get over you
No matter what I tell myself, baby
Never thought I'd ever love anyone else, in my weakness
I think about us
And I think about the day you left without speaking
I think about us
I think about the love we had for our children
I think about us, yeah
I think about the way we laughed without a reason
I think about us girl, hey yeah
There will be no more lies
Somebody tell me why I feel like I'm dying
Lord, what's come over me?
Baby can't you see that
I can't stop loving you
(I can't stop loving you girl)
I can't help myself
(Yeah)
And I can't get over you

(I can't get over you baby)
No matter what I tell myself baby
(No matter what I, no matter what I tell myself, babe)
I can't stop loving you girl
(I can't stop loving you girl, stop loving you girl)
No matter how hard I try, yeah
(No matter how hard I try)
And I can't get over you
(And I can't get over you babe)

And I don't know why
I think about us, I think about us
I think about us, I think about us
I think about us, I think about us
I think about us
Babe, I can't get over you, hey yeah, think about
Girl, what am I gonna do, mmm babe?
I think about the love we had
I think about the way you laughed
Mmm girl, hey I can't get over you
I can't stop kissing you babe
I can't stop wanting you babe
I can't stop loving you girl, yeah
I can't get over you
I can't stop missing you girl
I can't stop feeling you girl
I can't stop thinking about you
I can't stop dreaming about you
I can't stop loving you girl
