

# Freedom Begins At Home

## Vice Squad

Fighting against two enemies  
One's commercial, one's pretence  
Play me off against each other  
Self-belief's my only defence Big or small, they're all the same  
All out wheeling and dealing  
Playing the money making game  
Unaffected by our feelings I won't be hurt by either side  
I'd rather be alone  
I'll make you listen somehow Freedom begins at home  
Freedom begins at home  
Founded on resentment
