Days Are Gone

Confide

And I got back up, and I lost control
Over it all, over it all
And I know that I, couldn't take no more
'Cause I want it all, I want it allAll the time sittin', all the time sittin' before those days are gone
'Cause I didn't know how, and I know that now
I want it all, I want it all(chorus)
Felt like I was smoking an entire jungle
Those days are gone
Those days are gone
Sometimes I wish I didn't miss you at all
Those days are gone
Holdin' on, Holdin' on
Those days are gone
And now I'm waiting for the day to go
Those days are goneI remember when, you found it hard to give
But I gave it all, I gave you my all
You only took one side, when all our hopes ran dry
Those dreams are gone, gone, goneAll the time sittin', all the time sittin' before I'm moving on
'Cause you can have my past, I'll never get that back
And I'm moving on
'Cause those days are gone(chorus)
Felt like I was smoking an entire jungle
Those days are gone
Those days are gone
Sometimes I wish I didn't miss you at all
Those days are gone
Holdin' on, Holdin' on
Those days are gone
And now I'm waiting for the day to go
Those days are goneDays are gone, days are gone (oh)
Days are gone, days are gone (oh)
Oh my love oh, oh my love oh, oh my love oh we can find it
Days are gone, days are gone (oh)
Days are gone, days are gone (oh)
Oh my love oh, oh my love oh, oh my love oh we can find it
Days are gone, days are gone (oh)
Days are gone, days are gone (oh)

Oh my love oh, oh my love oh, oh my love oh we can find it
Days are gone, days are gone (oh)
Days are gone, days are gone (oh)
Oh my love oh, oh my love oh, oh my love oh we can find itThose days are gone
Those days are goneThose days are gone
Holdin' on, holdin' on
Those days are goneThose days are gone
