You wanted to buy me  
For a hundred euro  
You said you'd take me  
To your little car  
Your friend lived near by  
He had a house and all  
Where was i from you said  
You guessed yugoslavia  
Well it's not yugoslavia  
It's not yugoslavia at all  
It reminded me  
Of a movie i just saw  
About a little girl  
From yugoslavia  
She got sent away  
They made her prostitute

She ate mcdonald's all day  
And never had a chance to play

You wanted to buy me

You said you'd take me  
To your little car  
Your friend lived near by  
He had a house and all  
Where was i from you said  
You guessed yugoslavia  
But it's not yugoslavia  
It's hardly yugoslavia at all
