

# Looking for You (Demo Version)

## Excel

First pretend that you care  
Then you turn and declare  
That you're not with me  
Where does that lead thee? You became my enemy  
How can I stand free  
Your clone is so cruel  
Now I'm Looking For You [Chorus]  
Looking For You!  
Looking For You!  
Looking For You!  
Looking For You! [Repeat Verse 1]
