All In All

Lifehouse

Standing on top of the edge it feels like it's going down
Everything stays in my mind feeling in a daze on the ground
Feels like it's gonna give life's to hard to live anymore
I think I've had enough things too tough
I'm out the doorAll in all it's just another day now
You're falling down
What you gonna do?
Standing on top of the world tonight
No ones looking back at youStand tall
It's going on, It's going on
It's gonna be just fine
You're holding on
Holding on todayThings don't stop and the others announced they're moving on
Salt and tears in the minds in the mouths of a bad decision
Too late for another mistake it's bringing me down
With all your faults it isn't your fault
What's going on?All in all it's just another day now
You're falling down
What you gonna do?
Standing on top of the world tonight
No ones looking back at youStand tall
It's going on, It's going on
It's gonna be just fine
You're holding on
Holding on todaySo, you lost yourself
So, you lost your way
Found life through someone else
But you threw it all awayAll in all it's just another day now
You're falling down
What you gonna do?
Standing on top of the world tonight
No ones looking back at youStand tall
It's going on, It's going on
It's gonna be just fine
You're holding on
Holding on todayTimes rolling on
Rolling on today
It's going on
Going on today
