

Something Strong

Tarrus Riley

Hey!!!... we got it going on!
heyeyey!!!.. we got it going on

Verse 1:

No separating
Me and my lady
We're firm as the rock of Gibraltar & mountains around "Hi'rusalem"
Oooh, You labor in vein if you're trying to
Bring us pain, cuz you'll never win
You cannot go round us, she said Tarrus, nothing divides us

Chorus:

Now there's more than a million reasons to quit
but we'll never split
More than a million reasons to quit
but we're holding on
Love is what dreams are made of
and in my visions all I see is her
we got something strong
and so we're holding on.

Dem never know we're serious, never wan we link one another
Tell her I'm not the type to carry home to mother
Dem put up all type traps and barriers
Still I show them that true loves a conqueror

Chorus 2:

More than a million reasons to quit
but we'll never split
we got something strong
and so we're holding on.

Verse 2:

This love it the truth yeah...
and we've got the fruits to prove it
Still I keep a wide eye for parasites, who try to defy
Now, People gone try things
some find pleasure in spoiling a good thing
Still I let them know that in our life there is no weak links

Chorus 3:

Now theres more that a millioin rivers to cross
But we gone make it through
And more than a gazillion people gonna talk
so, so, so, so, so, sooo
Love that dreams are made of
And in my visions all I see is her
we got something strong
and so we're holding on

Hey!...we got it going on
