Home For the Weekend

I See Stars

You've got me all wrong
Why go and ruin it all?
You're looking so good
Oh yeah, we're having a ball
Everybody's gone they're getting it done
It's okay my friend is home for the weekend!Been a while, how you been?
It's been a good while since we've had a night to remember
You're gone this time September so,
Grab a drink and do it big
Here's to the nights we know we'll miss
Girls going out of controlYou've got me all wrong
Why go and ruin it all?
You're looking so good
Oh yeah, we're having a ball
Everybody's gone they're getting it done
It's okay my friend is home for the weekendI'd take your hand we'd take the last dance
Wasn't prepared to know one day I'd have to let go
And here's to the host with the mostYou've got me all wrong
Why go and ruin it all?
You're looking so good
Oh yeah, we're having a ball
Everybody's gone they're getting it done
It's okay my friend is home for the weekend
And here's to the host with the most [x2]You've got me all wrong
Why go and ruin it all?
You're looking so good
Oh yeah, we're having a ball
Everybody's gone they're getting it done
It's okay my friend is home for the weekend
