

German Days

Iggy Pop

Speak easy
Knock on the door
They'll check you out
Through the peep hole There's a man
Who knows what you want
There's a girl
Who'll capture your flag Glittering champagne on ice
Garish and overpriced Champagne on ice
Dish overpriced Schnellimbiss
And Pope Benedict
Brilliant brains
And the end of pain Germany
Must germinate
Germinate
In a German way Garish and overpriced
Glittering champagne on ice Berlin and Christ
Champagne on ice German Days
German Days
German Days
German Days German Days
